

Polit. Market

for Nov.

1) by 24th Oct. we should have the 3 requested papers

and 31st Oct,

2) 25th Oct → working session

3) Group document; parallel money

4) What to do with Woffenberger paper?

↳ write an explanatory note
 & check at next meeting whether
 Council are willing to fill it out!

Preparation of general framework on our balances:
 & consequences of fixed ex. rate, room for manoeuvre to have
 regional policies (funds) limited?

What on the point financial transfer
 What is the optimum? in the TPS-Group?
 What is on the structural funds?

Announcement

on objection of budgetary discipline,
 means, imbalances
 case studies

o consequences of local
institutions

Models of monetary union, institutional
of common currency

Note: conditions mechanical system (Tombler)

unilateral

- steps to one currency into single currency
-
- MUM → one → for multilateral
Pohl → 7 points

if no banking,
who would decide the Pohl
P43

Section on I

dependence from CR
The C has Reservoir,

anyway, as the problem
was that we got to it
policy objectives

unique evolutionary process
define it → need breaks
to that a process

anyway, however, not presented

political will (agreement)
given from the banks
