

Data Warehouse:

Delivery of predefined reports

Meeting: TCCG
Location: ECB
Date: 04 December 2018
Version: 1.0

Mail delivery

- | It will be possible to receive reports via mail
- | For security reason only the URL of the prepared report will be provided in the mail
- | With this URL the receiver of the mail can open Cognos (presentation layer of Data Warehouse) and see the provided report on the respective screen in the GUI
- | In addition, download of the report via GUI is possible and secured.
- | More detailed information will be provided in the UDFS V 1.1

Thank you for your attention
