

5th AMI-SeCo meeting
Agenda point 4.2

HSG Fintech-TF reporting

Frankfurt am Main, 22 June 2018

1. Progress achieved

2. Next steps

The Fintech-TF has focused on the following use cases

- **Shareholder transparency and proxy voting**
- **Corporate Actions information**
- **Withholding Tax procedures**

Report combining notes on use cases is being drafted

The TF is also looking at the following topics

- **DLT governance**
- **Potential use cases in collateral management**

The DLT governance analysis will be partially reflected in the report on use cases

1. Progress achieved

2. Next steps

- **Fintech-TF to continue work and finalize the report identified use cases by July 2018**
- **Taking stock of existing most relevant FinTech initiatives in post trade and collateral management**
- **AMI-SeCo members are invited to nominate additional TF members with expertise on innovative technologies**
- **Future deliverables for H2/2018 to be discussed**
