At the current juncture, the CSD sends an electronic file to the Treasury of the Republic (calculations, tax deductions), after that the Treasury sends payment instructions (SEPA Payments) to the Central Bank, which then proceeds with the cash settlements in TARGET2-CY.

Afterwards, the Treasury of the Republic receives confirmation from the Central Bank of Cyprus, that the corporate action is settled and also for the non-settled instructions. The current procedure does not entail a confirmation of the Corporate Action by the Account Servicer to the relevant parties. The CSD will implement ISO 20022 messaging. Thus for corporate Bonds the day after the Record Date, the CSE provides to the Issuer (upon its request), the Registry which identifies the beneficiary holders (account owners) who are entitled to receive Interest. The Issuer is responsible for the cash payment of the Interest, for the maintenance of the instructions payment and the Tax deductions. Movement Preliminary Advice [ca.5.01]	Table 13	Adaptation Required	<p>At the current juncture, the Public Debt Office sends a formal letter to the CSD, and asks for correction. The current procedure does not entail a CA Movement Preliminary Advice message by the Account Servicer to the relevant parties. The CSD will implement ISO 20022 messaging. In case of a cash reversal, the pre-advice shall be sent sufficiently in advance of the reversal so that recipients have adequate time for cash management. In case the reversal is triggered by itself, the Public Debt Management Office (PDMO) will send to CSE a reversal announcement in sufficient time before the reversal takes place. The announcement will include the information needed according to the related standard. The current procedure does not entail a CA Movement Preliminary Advice message by the Account Servicer to the relevant parties.</p>	<p>The CSD's legal framework needs to be adapted. Rounding rule no. 3	For the calculation of cash payment amounts or securities movement amounts relating to a specific securities account, the ratio applicable to the entire issue should be applied to the total holding in the parent ISIN on the securities account. (There should be no intermediate step whereby a ratio per 1,000 nominal is calculated, and then applied).	N/A	This is not applicable for Cyprus as the per 1000 nominal is not used.	N/A																																																																	
Rounding rule no. 4	The ratio specified by the Issuer CSD in the event notification should be passed on in its entirety in the event notification sent by all Account Servicers and Custodians in the custody chain. (There should be no rounding up, or rounding down, or truncation, of the ratio).	N/A	This applies to custodians.	N/A																																																																	
5	Negative cash flows <i>Issuer CSDs and Investor CSDs shall support the processing of corporate actions where the underlying security has a fixed negative interest rate or a floating rate coupon. Any negative interest shall result in a cashflow from the Investor to the Issuer which shall be processed using the Interest Payment (INTR) event.</i>	Implemented	CSD does not accept coupons with negative interest rate, so negative cash payments cannot occur.		<table border="1"> <thead> <tr> <th data-bbox="1355 576 1899 616">Analysis and Communication</th> <th data-bbox="1899 576 1957 T = The Issuer of the Bond notifies the CSE and Investors, via a public announcement, regarding the Interest Payment. The Announcement is published on the CSE web site and includes: the Record date, interest rate, payment amount and the payment date,

T+8 to T+10 Record date = According to the procedure followed by the Public Debt Management Office the Record date precedes 5-7 days of the Payment date.

T+11 to T+13 = The day after the Record date the CSE needs one to three days to carry out all necessary checks regarding payment instructions i.e Bank account number to be credited (as provided by the Investors), tax deductions according to domicile as provided by the Investors ( as verified by the Government Tax authorities). The CSE submits to the Public Debt Management Office the relevant electronic files. The CSE via electronic files also informs Operators/Members, designated by investors to collect the interest on their behalf, informing them of the cash to be

Government debt payments are expected to be paid in the overnight (where NTS is available)/at the latest at the start of the business day.

**Notification of processing status** *If an issuer, issuer agent, or Issuer CSD cannot process a Corporate Action on the previously announced Payment Date, all Account Servicers must inform Account Owners about the delay as soon as possible and based on information received from higher up the custody chain.*

Adaptation Required

At the current juncture, the Issuer or the Issuer CSD are responsible for informing the Account Owners via mail or Announcement. The CSD will implement ISO 20022 messaging.

The CSD's legal framework needs to be adapted. This needs the approval of the CSE's Council, which is rather a straightforward process with immediate effect.

<sup>4</sup> The funds should not be subject to any limitations once made available.

<sup>5</sup> It is expected that payments will be made by 09:30 (Issuer CSD time) to facilitate collateral management. AMI-SeCo will carry out regular fact-finding exercises to monitor actual CA payment times. Payments in Eastern timezone currencies (e.g. Japanese Yen) are expected to be processed in the nighttime settlement.

A holder of a security may be entitled to receive a fee following the announcement of a meeting fee. This fee may be paid to all holders of the security or alternatively only to									

certain holders of the security fulfilling certain criteria. The different constellation of options which may lead to the payment of a meeting fee are outlined below:

A bond/shareholder has to instruct (a certain option until a certain deadline) in order to receive the payment.

A bond/shareholder has to instruct early (a certain option until a certain deadline) in order to obtain an early incentive premium. The bond/shareholder then receives the rate announced in the early incentive premium field.

All bond/shareholders receive the fee without having to participate/instruct at the meeting – the rule is as follows: everyone who has a holding as of a certain date (record date) will receive the fee.

In addition to the above use cases, the event may also include a condition that resolutions have to pass at the meeting in order to receive a fee.

**Reversal of CA movements**

**A pre-advice message must be issued in advance of any reversal of a CA. In case of a cash reversal, the pre-advice must be sent sufficiently in advance of the reversal so that recipients have adequate time for cash management.**

13

Adaptation Required

At the current juncture, in cases of cash reversals these are directly done by the Investor or the Custodian with the issuer. The CSD will implement ISO 20022 messaging.

In case of a cash reversal, the pre-advice shall be sent sufficiently in advance of the reversal so that recipients have adequate time for cash management.

In case the reversal is triggered by the Public Debt Management Office (PDMO), PDMO will send to CSE a reversal announcement in sufficient time before the reversal takes place. The announcement will include the information needed according to the related standard.

The current procedure does not entail a CA Movement Preliminary Advice message by the Account Servicer to the relevant parties.

The CSD's legal framework needs to be adapted. This needs the approval of the CSE's Council, which is rather a straightforward process with immediate effect.

14 Processing of foreign currency CA payments  
*To process payments in currencies not eligible in the settlement system, the CSD must instruct the cash correspondent to debit the account of the paying agent and to pay the funds to an account of the security holder. The CSD must send only the corporate action confirmation to the security holder only upon receipt of the confirmation from the cash correspondent that the cash has been transferred successfully.*
